*The Topas Stealth - Multiwheel®; 32" (RHD) is part of the Topas Stealth Collection from Rimowa®. The classic Topas was introduced back in the 1950s and has been under continuous development since then. Multistage monotelescopic pull handle extends to a variety of lengths for easy maneuvering. Lightweight and sturdy, aluminum shell was developed especially for tropical travel. Top and side heavy-duty carry handles allow you to comfortably lift even a fully loaded case with ease. Retractable Add-A-Bag Holder allows attachment of brief case or hand bag for easier transport. Bag opens book-style for easy packing and unpacking of your items. Main compartment features mesh packing dividers on each side for multiple packing options. Flex divider adds compression to discourage wrinkling and shifting. TSA Lever Action Locks add security and can be opened for security checks without any damage to the lock. Durable aluminum-magnesium alloy shell protects against high humidity and strong fluctuations in temperature. Patented Multiwheel® System features eight ball bearing wheels, which rotate 360° making transporting an upright or leaning case easy to maintain. Imported.
