for this product! (Please note that the color shown in the video may no longer be available.) An oversized unisex sport frame with plenty of street attitude, Rhino[®]; is wrapped and raked to provide all the protection, performance and lightweight comfort of Kaenon award-winning Kore[®];. This full-frame, boxy shape exhibits subtle surface design features that allow it to be worn on the street and/or during hard-core sport. Rhino is injection molded out of TR-90[®];. Recessed Variflex[®]; nose pads securely and comfortably anchor the frame in place. Rhino supports Kaenon's[®] revolutionary SR-91[®]; polarized lens material and proprietary Glare 86[®]; polarizing element available purpose-built lens tints and Light Transmission Levels[®]; (LTL[®];) specifically developed by Kaenon Polarized. Heavy duty, non-corrosive, seven-barrel, stainless steel hinges make Rhino durable and functional. Designed for men and women. G-12[®]; (12%) Darkest grey lens (blocks 88% of visible light). Performs best in bright, full sun conditions. C-12[®]; (12%) Darkest copper lens (blocks 88% of visible light). Performs best in bright, full sun conditions. C-28[®]; (28%) Half as dark as LTL 12[®];(blocks 72% of visible light). Great multi-purpose lens performs well in all light conditions. Measurements: Temple Length: 145 mm Frame Width: 143 mm Weight: 1 oz Lens Height: 35 mm Lens Width: 61 mm Bridge: 19 mm This product may have a manufacturer's[®] warranty. Please visit the manufacturer's[®] website or contact us at for full manufacturer warranty details.
