for this product! (Please note that the color shown in the video may no longer be available.) The souped up style and performance of the Vigor Polarized from Native&trade; is ready to take on any challenge. Rhino-Tuff&reg; air frames are a high-performance thermoplastic material, which is extremely lightweight and durable. Proprietary composition of Cushinol&trade; at temples and nose pads create a non-slip fit that keeps sunglasses in place during athletic activity. Cam-Action Hinges&trade; allow the temples to quickly lock into position. Mastoid Temple Grip&trade; ensures the temple ends hug the mastoid bone (behind the ears) which allows for a secure and comfortable fit. Glare-reducing polarization treatment. Double Snap-Back Interchange Lens Systems allows you to quickly and efficiently switch between Native&#039;s different lens options. Anti-Ocular Intrusion System&reg; is designed to prevent the lenses from dangerously shooting toward the eyes in the event of high velocity impact. The Frisco Polarized is available with these color options:

Gray Polarized Lens - 12% VLT (Visual Light Transmittance). Suitable for bright sunlight.

Copper Polarized Lens - 18% VLT. Suitable for moderate to bright sunlight.

Silver (Gray Base) Reflex Polarized Lens - 10% VLT. Suitable for extremely bright sunlight.

Brown Polarized Lens - 12% VLT. Suitable for moderate to bright sunlight. Best fits a large profile. Case, one set of SportFlex&trade; lenses, and neck strap included. Measurements: Temple Length: 110 9&frac;10 mm Frame Width: 136 1&frac;10 mm Lens Height: 39 4&frac;5 mm Weight: 1 oz Lens Width: 67 3&frac;10 mm Bridge: 12 7&frac;10 mm This product may have a manufacturer&#039;s warranty. Please visit the manufacturer&#039;s website or contact us at for full manufacturer warranty details.
