for this product! (Please note that the color shown in the video may no longer be available.) Tifosi polarized lenses are injected with polarized material and decentered for enhanced clarity. Polarization blocks light reflecting off water, and other horizontal surfaces, to minimize glare that causes eye strain. These lenses are ideal for water sports, driving and casual wear. Smoke and Brown lenses are best for when the sun is high and the sky is clear. Sunny-to-cloudy days call for the AC Red lens, while the Yellow lens brightens an overcast day. Hardy grilamid TR-90 frame material ensures lasting durability and resistance to chemical and UV damage. Shatterproof, decentered polycarbonate lenses help reduce distortion and sharpen peripheral vision. 100% UVA and UVB protection. Adjustable, hydrophilic rubber nose pad and temples. Fits small to large. Good fit for women. Includes a zippered hard case. Imported. Measurements: Temple Length: 140 mm Frame Width: 142 mm Lens Height: 36 mm Weight: 0.88 oz Lens Width: 70 mm Bridge: 18 mm This product may have a manufacturer's warranty. Please visit the manufacturer's website or contact us at for full manufacturer warranty details.
