Released on:	June 25, 2018, 3:18 pm

for this product! (Please note that the color shown in the video may no longer be available.) Scale anything and everything with the bang up style and performance of the Bolder Polarized from Native&trade;! Rhyno-Tuff&reg; air frames are a proprietary high performance thermoplastic material, which is extremely lightweight yet durable enough to withstand high velocity collisions and temperature extremes. Proprietary composition of Cushinol&trade; at temples and nose pads create a non-slip fit that keeps sunglasses in place during athletic activity. Patented Cam-Action Hinges&trade; allow the temples to quickly lock into position, making these sunglasses ready for anything in seconds flat. Mastoid Temple Grip&trade; ensures the temple ends hug the mastoid bone (behind the ears) which allows for a secure and comfortable fit. Glare-reducing polarization treatment offers sharp and crisp vision with increased contrast and depth perception. Double Snap-Back&trade; Interchange Lens Systems allows you to quickly and efficiently switch between Native&#039;s different lens options. Anti-Ocular Intrusion System&reg; is designed to prevent the lenses from dangerously shooting toward the eyes in the event of high velocity impact. The Bolder Polarized is available with these color options (note: all colors may not be in stock):

&#8226; Brown Polarized Lens - 12% VLT (Visual Light Transmittance). Suitable for moderate to bright sunlight.  
 &#8226; Silver (Gray Base) Reflex Polarized Lens - 10% VLT (Visual Light Transmittance). Suitable for extremely bright sunlight. Suits a larger profile. Protective case, set of SportFlex&trade; interchangeable lenses, and neck strap included. Measurements: Temple Length: 124 mm Frame Width: 138 mm Weight: 1 oz Lens Height: 41 mm Lens Width: 59 mm Bridge: 21 mm This product may have a manufacturer&#039;s warranty. Please visit the manufacturer&#039;s website or contact us at for full manufacturer warranty details.
