The DC® Mega snowboard has everything you need to take your jumping and jibbing to the next level. Just add imagination! Lock and Load camber has traditional camber throughout the midsection with longer, traditional contact points, creating a flat, stable platform. The skate-inspired camber profile has allowed us to create an entirely new feeling of power and stability in these boards. Stratus Core features lightweight poplar for added pop. Bi-Ax laminate is constructed of glass for a loose feel. Sintered Supreme base provides superior durability with a stonegrind finish and lightning fast speed. Fresh Deck top sheet is sealed to protect it from the elements to maintain its new, naturally poppy feel. Radius 2 flat features flat surfaces at the nose and tail of the board to provide lift in powder to keep you floating in the deepest snow while the radius blends in perfectly with the sidecut to enable effortless transitions from edge to edge while turning. Stencil pack included. Made in Austria. Flex rating: 7.5/10 Maneuverability: 7/10 Camber: +6 Board Size: 150 cm
